reader will gain a detailed understanding of what is happening to the body during pregnancy and beyond how massage techniques can impact those changes and very concrete applicable strategies for how to work with maternity clients to make them feel better amidst this abundance of detail about what to do the authors also explore the flipside what therapists need to modify and avoid to ensure that their work with pregnant and postpartum clients is safe how to recognize high risk factors or other complications how best to adjust treatment and how to work with medical healthcare providers throughout the process

many contemporary commentators present a damning account of the current state of higher education to the extent that our universities may be considered to be broken this book offers an alternative perspective to the dominant neoliberal discourse and provides the conceptual tools to help construct a trajectory of repair for our universities these ideas are presented within this book as five moves to transform our current pathological situation and develop towards a more healthy and sustainable ecological learning environment in this book ian kinchin draws upon a wide range of sources from the philosophy of education biological and clinical sciences as well as educational research and academic development this alternative ecology of ideas presents a challenge to university leaders and asks if we care enough about the future of our universities to encourage an evolution of practice that deals sustainably with the wicked problems our universities face in the coming century it describes a move towards an ecological university the book includes a foreword written by martyn kingsbury professor of higher education and director of the centre for higher education research and scholarship imperial college london uk

as complex large institutions universities present unique challenges for leaders international perspectives on leadership in higher education examines how contemporary leaders in higher education in different disciplines at different levels and in different parts of the world are identified developed and supported

truly the ultimate guide for a coach this book is a must read for all coaches whether they are starting out or are well entrenched with all my years in coaching i still discovered new insights michael beale nlp coach and trainer coaching can be transformational or simply transactional if you truly want to transform lives then this book is a must read coaching is far more than a job it is a mission transformational coaches focus on their self development as much as they do on the development of their clients all coaches need to be aware of the different coaching frameworks paradigms and tools used by master coaches world over in five straightforward sections this book guides you through the steps you need to achieve optimal success as a coach section i the abcs of coaching section ii coaching frameworks models and tools section iii case studies section iv the business of coaching section v resources it is an extensively researched overview of the latest developments in neuroscience emotional intelligence and positive psychology among many coaching frameworks if you are new to coaching you will find out how to start your coaching business if you are a seasoned professional you will learn how to strengthen your practice this book also offers coaching insights in the post pandemic era

public debt pressures due to the global economic crisis have impacted higher education in several countries compelling governments to curtail the funding of higher education institutions heis various instruments have been proposed as a platform for the private sector to channel funding to heis this book introduces readers to the issues surrounding the financing of heis especially public universities which are dependent on government budgets it discusses the sources of

funding for HEIs focusing on philanthropic instruments through endowment and waqf funds since both forms of income are obtained via contributions from third parties such as alumni individuals and business corporations it is essential that they are managed in such a way to ensure their sustainability and that their benefits can be accessed without interruption it explains the theory of successful endowment and waqf at HEIs namely appropriate investment planning superior investment committees highly skilled investment managers alumni networks diversity of income sources and effective fundraising these elements have been studied empirically in this book through case studies of several selected Malaysian public universities the book considers policy implications and offers recommendations of strategies that universities can adopt such as the appointment of fund managers no specific guidelines currently exist for appointing fund managers to enable universities to invest in assets such as bonds equities and property therefore the book encourages universities to grow the endowment and waqf funds through proper investment strategies executed by professional fund managers the book contributes new knowledge to scholars students and researchers as well as informing university administrators how to collect manage and invest funds from endowment and waqf
